

The Gardner Rifle and Pistol Club rules **require** the use of lead bullets. No metal-jacketed or nylon-jacketed bullets are allowed! Polymer/powder-coated bullets are acceptable. Maximum muzzle velocity for all bullets except .22LR is 1000 fps. Muzzle velocity of .22LR is not a concern. Magnum loads are not permitted.

NOTE: .22LR labeled **22 WMR** is a jacketed, magnum, rimfire and is not allowed!
