

Ammunition Sources for Gardner Rifle & Pistol Club Members

This list is provided as a resource for members. Lead ammo is stocked in smaller amounts as compared to other types. Contact any selected store to see what they have in stock. This information on places that sell ammunition is based upon feedback from members and our collective experience which may vary from time to time.

The Gardner Rifle and Pistol Club **REQUIRES** the use of lead only bullets or Federal Syntech coated bullets. No jacketed, magnum or composite/polymer bullets allowed! Maximum velocity for lead bullets except 22LR is 1000 FPS. 22LR any velocity! Velocity limits for Federal Syntech bullets is up to 1150 FPS. Any questions, contact a club officer.

NOTE: One type of 22LR labeled **WMR22 IS Jacketed and cannot be used!**
